INDIGO HF: VERSATILE AND PRACTICAL IN USE

The Indigo HF is suitable for the transportation of a wide range of equipment, cars, and other vehicles.

This complete transporter is available in 4 sizes. As a standard, the Indigo HF has been equipped with a durable plywood floor plate, the unique Combi Protect Rail (with a height of 80 mm) on the side and front walls, 2 aluminium loading skids with a length of 2500 mm, integrated underneath the floor, tyres 195/50 R13, and an adjustable winch and winch support mounted in front. This model will perfectly meet even the heaviest of transportation needs; the Indigo HF can be provided with a gross loading capacity of 2700, 3000, or even 3500 kg!
