

Open trailers  
L-1 & L-2

**HAPERT AZURE**  
OPEN TRAILERS

# AZURE L: THE PRACTICAL AND INNOVATIVE OPEN TRAILER

The Azure L has a low loading platform, allowing you to quickly and safely load and unload your cargo. As a standard, the model has been provided with high (37 cm) walls, allowing you to transport more volume.

As a standard, the Azure L has been provided with a durable Combi Protect Rail on the sides and front. The removable front rack is standard as well.

Where the side walls are concerned, these are available in different materials: plywood, aluminium, or galvanised steel. The choice is yours!
